#### WINGS OF COURAGE

### "When our runners cannot find the will to run, we will give them the courage to fly."

This is a unique race. There are no winners or losers, only survivors and those supporting them. CPAA aims to be the wings of those affected by cancer, those who might not have the will to run, but need to find the courage to fly.

Cancer is a word that spreads fear through us all. Those whose lives are touched by cancer know the turmoil it can cause. Cancer Patients Aid Association is a non-profit organisation that has envisioned a nation where patients face the illness with the hope of living their lives to the fullest, providing them with the means to reclaim their identities. At CPAA, we have found that it is not fear and pain that guides a patient's journey, but courage, hope and compassion. It is the courage that we see in patients and their families that has inspired us to continue our work in the field of cancer for close to 50 years. We believe in fostering the determination to fight cancer in our patients and their families in every way we can. CPAA focuses on an all-round treatment, not only physical support, but also psychological care for the patient and the family, lifting them from despondency, giving them hope and assuring them that there is an entire community supporting them.

Our organization has impacted the lives of hundreds of thousands of patients in this manner. Colours of Life, our annual art exhibition and sale, is one of the unique ways of raising the funds needed to help us reach out, provide care and support. Newer treatments and medicines are now making it ever more possible to beat cancer. Unfortunately, these newer treatments are also the ones that are most expensive. We wish to reach out to those who cannot afford these treatments and provide them with the ability to give the best fight possible against cancer.

We are happy to present the catalogue for CPAA's 14th annual exhibition-Colours of Life, themed Wings of Courage. On offer are the works of 102 remarkable artists, who have generously given us their works at prices which will allow you to take home a piece of beauty while providing our runners with the means to finish their race.

Come give a cancer patient a chance to fight their disease, become the wind under their wings of courage.
