Cancer Patients Aid Association

# ANNUAL REPORT

TOTAL MANAGEMENT OF CANCER SINCE 1969

# IN MEMORIAM

***Honouring***
***Mrs. Siloo Jasdanwalla***
***and Mrs. Rekha Sapru***

Some individuals build organisations. A rare few build institutions that continue to serve humanity long after they are gone. Mrs. Siloo Jasdanwalla and Mrs. Rekha Sapru belonged to that extraordinary league. Together with Mr. Y K Sapru, they helped establish Cancer Patients Aid Association in 1969, united by a shared vision to address the unmet needs of people affected by cancer in India. Their unwavering belief that cancer care must extend beyond medical treatment laid the foundation for CPAA's enduring philosophy of Total Management of Cancer — a vision that continues to guide every aspect of the organisation's work.

For fifty-six years, Mrs. Jasdanwalla served as Honorary Secretary and Mrs. Sapru as Honorary Joint Secretary with exceptional dedication, humility and compassion. They nurtured a fledgling initiative into one of India's pioneering cancer support organisations, touching countless lives through their tireless service.

Mrs. Jasdanwalla's determination and foresight opened doors when few existed. She organised CPAA's first fundraising concert featuring the legendary Begum Akhtar and went on to pioneer innovative fundraising initiatives while forging enduring partnerships with artists, public figures and well-wishers who embraced the cause.

Mrs. Sapru brought empathy, intellect and remarkable organisational ability to the everyday work of CPAA. Her background in journalism, broadcasting and public service enabled her to guide and reassure thousands of patients and families with warmth, dignity and hope. Her lifelong contribution to social service was recognised through several honours, including the Giants Award.

Their lives remind us that true leadership is measured not by titles, but by lives transformed. Their values remain deeply woven into the fabric of CPAA, inspiring every programme, every patient served and every act of compassion. As we remember them with profound gratitude, we reaffirm our commitment to carry their vision forward under the continued guidance of Mr. Y. K. Sapru, ensuring that their legacy continues to illuminate the path for generations to come.

*"Their lives were devoted to easing the journey of those touched by cancer. Their legacy will continue to inspire hope, compassion and service."*

# MISSION - VISION

## MISSION

Cancer Patients Aid Association (CPAA) works alongside the medical fraternity, focusing on education, prevention, awareness, early detection, support to treatment, guidance, counselling, rehabilitation and research. While the primary concern is to meet the needs of poor cancer patients who otherwise would not be able to benefit from the best treatments that medical science has to offer, CPAA reaches out to patients from all walks of life in every possible way.

## VISION

To be an all-encompassing cancer help agency that works towards patient care, aid and assistance, awareness, early detection, rehabilitation and advocacy. To understand and relate with the far-reaching impact cancer has on an individual's life. To go beyond the malignancy and treatment of cancer on the medical front and help the individual cope with the economic, social and psychological shadows the disease may cast. To effect and move government policies to ensure a fair chance of treatment for every Indian citizen. To live out completely the holistic approach to treatment of cancer which CPAA calls the 'Total Management of Cancer' philosophy.

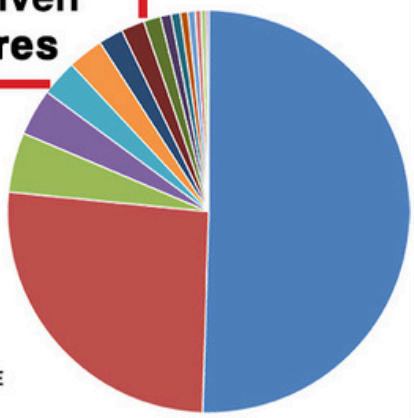

# IMPACT SNAPSHOT | 2025 - 2026

## TOTAL MANAGEMENT OF CANCER SINCE 1969

### PATIENT AID & SUPPORT
**16,924** patients supported

| | |
|---|---|
| Medical & Financial Aid | 2,333 |

- 196 REHABILITATION
- 53 PROJECTS

# LEADERSHIP PERSPECTIVE

*A Year of Purpose and progress*

*Cancer is a journey no one should have to walk alone, but when a community stands together, the path changes from a walk of fear to a March of Hope.*

**ALKA SAPRU BISEN**
**Secretary**

Since 1969, the Cancer Patients Aid Association (CPAA) has been guided by a single, sacred promise: to walk with cancer patients and their families through every step of their darkest journeys.

Our founding philosophy, the Total Management of Cancer, is not just a strategy; it is a lifetime commitment to holistic healing. As I reflect upon our milestones over the financial year 2025 –2026, I am filled with immense gratitude for our dedicated teams, healthcare partners, and generous patrons who have transformed our holistic vision into tangible, life-saving impact.

In the face of daunting challenges, this past year has marked an extraordinary expansion of our care ecosystem. Through our collective efforts, we managed to channel **₹13.58 crores** in total life-saving aid, directly lifting the crushing weight of disease from thousands of vulnerable shoulders.

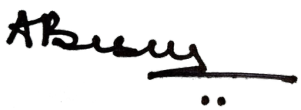

Our cumulative impact over the 2025–2026 cycle stands as a testament to what structured compassion can achieve:

- Holistic Patient Aid & Support: We stood by 16,924 patients, providing essential medical and financial aid to 2,333 individuals and relief in-kind to 12,939 families navigating active treatment.
- Early Detection & Screening: We safely screened 16,592 healthy individuals across 132 camps and clinics, identifying 6 malignancies early and detecting 87 HPV-positive cases. Critically, we maintained a 33% follow-up rate to bridge the gap between diagnosis and care.
- Proactive Cancer Prevention: To secure a healthier tomorrow, our prevention drives protected 9,114 beneficiaries, driven by 11 high-impact vaccination camps.
- Awareness and Education: Ignorance remains a primary barrier to survival. Our 21 targeted awareness programs successfully sensitised 23,535 people on early risk factors.
- Rehabilitation & Long-Term Care: True healing extends beyond medical remission. We supported 1,590 individuals in reclaiming self-sufficiency, ensuring patients can rebuild their lives post-treatment.
- Corporate Social Responsibility (CSR) Synergy: Backed by 53 corporate projects, our integrated efforts empowered 13,987 total beneficiaries, including 7,858 HPV vaccinations and 4,245 dedicated screenings.

While these figures highlight the vast scale of our work, the true heart of CPAA lives in the individual stories of survival, restored dignity, and families held together. Total management means we do not stop at chemotherapy or surgery; we extend our embrace to nutritional supplies, bone marrow transplants (BMT), PICC lines, prostheses, and educational aid for the children of affected families.

*Looking ahead, we recognize that our mission is far from complete. The landscape of cancer care is shifting rapidly, demanding greater focus on targeted therapies, advanced next-generation sequencing (NGS) testing, and expansive wellness initiatives. Guided by our decades of experience, we will continue to break financial barriers and democratise access to premier clinical care.*

# CANCER AWARENESS

# CANCER AWARENESS

***Knowledge that Empowers, Awareness that Protects***

Cancer awareness is the first and most powerful step towards reducing the burden of the disease. Every informed conversation encourages healthier choices, dispels myths, and empowers individuals to recognise warning signs before it is too late. At CPAA, awareness extends beyond sharing information—it inspires action, promotes timely medical consultation, and fosters a culture where prevention and early detection become everyday priorities. By reaching schools, workplaces, communities, healthcare institutions, and the wider public, we help build a society that is informed, vigilant, and compassionate, ensuring that more people have the knowledge and confidence to protect themselves and those they love.

## KEY PROGRAMS:

During 2025–26, CPAA conducted a wide range of awareness initiatives across government institutions, workplaces, schools, and communities, reaching diverse audiences with messages on cancer prevention, early detection, and healthy lifestyle choices.

A key highlight was the Cancer Awareness Programme at Raj Bhavan, Mumbai, where Dr. Sanjay Dudhat, Senior Consultant, Surgical Oncology, addressed over 80 participants on cancer risk factors, early warning signs, and the importance of regular screening. Organised in collaboration with Raj Bhavan, the programme reinforced awareness as the foundation of cancer prevention and early diagnosis.

CPAA also partnered with BEST Mumbai to launch the Tobacco-Free BEST Initiative, one of its largest anti-tobacco campaigns. More than 10.55 lakh BEST bus tickets carried tobacco awareness messages, while educational posters displayed across Mumbai's buses encouraged drivers, conductors, and commuters to adopt tobacco-free lifestyles and promote healthier workplaces.
In collaboration with the Krishna Cancer Aid Association, CPAA conducted cancer awareness sessions in Silvassa and Vapi, educating over 100 participants on recognising cancer warning signs, understanding risk factors, and seeking timely medical care. These sessions empowered participants to become advocates for cancer awareness within their families and communities.
Recognising the importance of early intervention, CPAA organised anti-tobacco awareness programmes for students at BUN Raisoni School, Jalgaon, encouraging young people to make informed choices before harmful habits develop.

To strengthen psychosocial support in cancer care, CPAA also trained over 85 participants through its Psycho-Oncology Training Workshop, equipping healthcare professionals, volunteers, and counsellors with practical skills in communication, counselling, and ethical patient care. Collectively, these programmes reinforced CPAA's commitment to building informed communities and promoting awareness as the first step towards reducing the burden of cancer.

# CANCER PREVENTION

# CANCER PREVENTION

***Prevent Today. Protect Tomorrow.***

Prevention is the most powerful weapon against cancer. Through its Eliminate Cervical Cancer Programme, CPAA is committed to reducing the burden of cervical cancer through a comprehensive three-pronged approach—awareness, early detection through HPV screening, and HPV vaccination. Since 2018, CPAA has administered over 57,000 HPV vaccine doses to eligible girls and young women across India, making this life-saving intervention accessible to underserved communities. By combining vaccination with education and timely screening, CPAA empowers individuals to make informed health choices, protects future generations from preventable cancers, and moves India closer to the goal of eliminating cervical cancer.

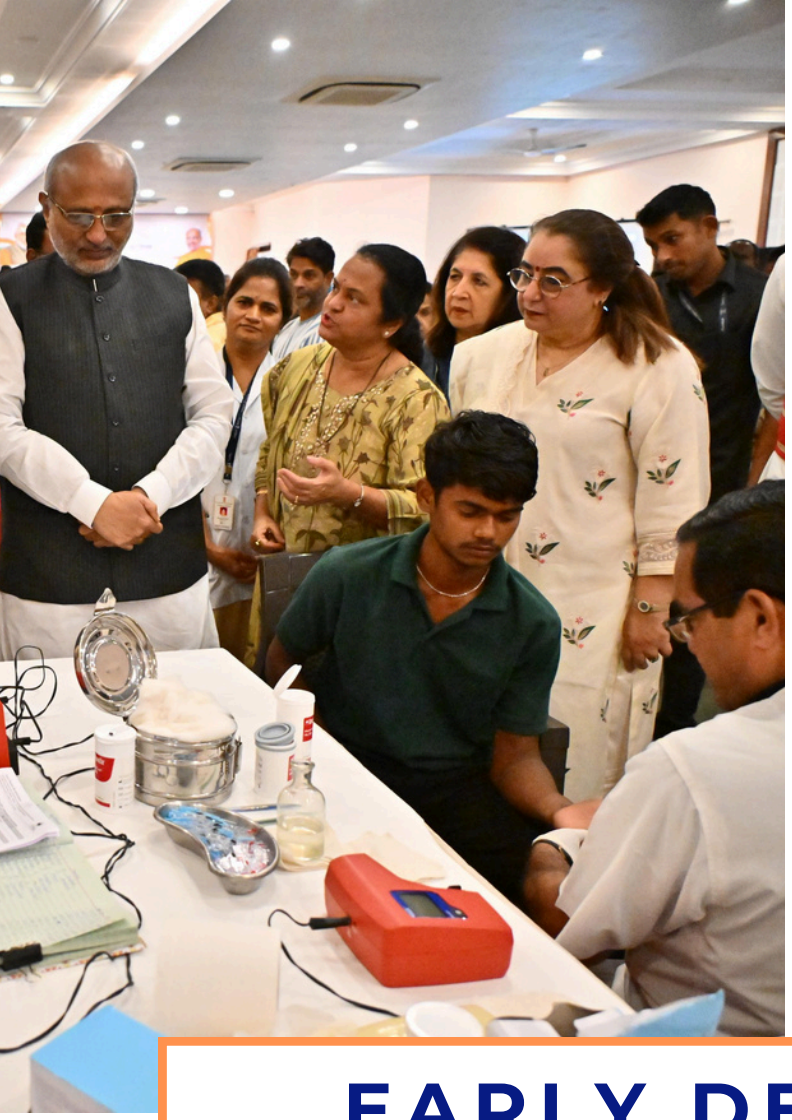

## KEY PROGRAMS:

During 2025–26, CPAA strengthened its commitment to eliminating cervical cancer by significantly expanding its HPV vaccination programme across India. A total of 9,114 HPV vaccine doses were administered to girls and young women aged 9–20 years through 11 vaccination drives, ensuring that this life-saving intervention reached both urban and underserved communities. Vaccination programmes were conducted in Panvel, Jalna (two drives), Raj Bhavan–Mumbai, Sangli, Amalner, Nashik (two drives), Prayagraj, Uttarakhand, Kolkata, and Jalgaon. The largest drives were organised in Uttarakhand (1,664 doses), Prayagraj (1,500 doses), Jalna (1,270 doses), and Amalner (1,224 doses), demonstrating CPAA's growing outreach and impact.

A significant milestone was the HPV Vaccination Drive at Raj Bhavan, Mumbai, where 82 girls and young women received the vaccine as part of a three-day cancer prevention initiative. The programme highlighted the importance of public-private partnerships in advancing preventive healthcare and increasing awareness about cervical cancer.

Another memorable initiative was organised during Cervical Cancer Awareness Month at Dr. Baliram Hire Adivasi Secondary and Higher Secondary School, Nashik, in collaboration with the Rotary Club of Nashik West. Here, 191 girls from tribal and rural communities were vaccinated. Beyond the numbers, the programme reflected the success of CPAA's sustained awareness efforts, as many students already understood the importance of HPV vaccination and confidently encouraged their peers to participate.

Through close collaboration with government bodies, healthcare institutions, schools, community organisations, and local partners, CPAA continues to make cervical cancer prevention accessible to those who need it most. By combining awareness, vaccination, and community engagement, the organisation is empowering young women to protect their health while moving India closer to the elimination of cervical cancer as a public health challenge.

# EARLY DETECTION

# EARLY DETECTION

***Early Detection, Lifelong Protection***

Detecting cancer at an early stage significantly improves treatment outcomes and saves lives. Yet thousands of people continue to be diagnosed only after symptoms become advanced. CPAA works to bridge this gap by promoting regular screening, encouraging timely medical consultation, and expanding access to early detection services for vulnerable communities. Through evidence-based screening programmes and awareness initiatives, we enable earlier diagnosis when treatment is often simpler, less invasive, and more successful. Every early diagnosis represents an opportunity to improve survival, reduce suffering, and offer patients the best possible chance of recovery.

## KEY PROGRAMS:

Early detection remains one of the most effective ways to improve cancer survival, and during 2025–26, CPAA expanded its screening programmes to ensure quality cancer screening services reached communities where access to healthcare remains limited. Through collaborations with government bodies, healthcare institutions, NGOs, and community organisations, CPAA conducted comprehensive screening camps across urban, rural, and remote regions of the country.

A major outreach initiative was undertaken in the Sindhudurg district, where screening camps held across Deogad, Kankavli, Dodamarg, Tulasgaon, and Vengurla benefited 484 individuals from underserved communities. In Malegaon, a cancer awareness lecture was followed by a comprehensive screening camp, where 318 individuals underwent screening for oral, breast, and cervical cancers, promoting timely diagnosis through community participation.

CPAA partnered with Raj Bhavan, Mumbai, to organise a comprehensive cancer screening camp benefiting 170 participants, offering mammography, Pap smear, HPV testing, PSA testing, ENT examinations, and blood investigations. The initiative received the encouragement of Hon'ble Governor Shri C. P. Radhakrishnan, reinforcing the importance of regular cancer screening.

Further strengthening its outreach, CPAA collaborated with the Krishna Cancer Aid Association to screen 571 individuals in Silvassa and Vapi, while screening camps organised in partnership with The Life Foundation and Chandra Sundra Trust reached 383 residents across five villages in Alibag, Raigad, bringing life-saving services closer to remote communities.

A Special Comprehensive Health Check-up and Cancer Screening Programme conducted across Darshiv, Barshi (Solapur), and Valsad, Gujarat, screened 1,562 healthy individuals, with 34% requiring follow-up consultations. These findings underscore the critical role of community-based screening in identifying individuals at risk before symptoms appear. Through these sustained initiatives, CPAA continues to bridge healthcare gaps, facilitate timely referrals, and improve cancer outcomes by making early detection accessible to those who need it most.

# PATIENT CARE

# PATIENT CARE

***Healing with Heart, Serving with Hope***

A cancer diagnosis brings emotional, physical, and financial challenges that can overwhelm patients and their families. CPAA believes that quality cancer care extends beyond treatment alone. Our patient care programmes provide comprehensive support through financial assistance, medicines, nutritional aid, counselling, patient navigation, and emotional care. By addressing barriers that often interrupt treatment, we help patients continue their journey with dignity, confidence, and hope. Our holistic approach ensures that every individual receives not only the medical support they need but also the compassion and reassurance that are essential throughout the cancer journey.

## KEY PROGRAMS:

At CPAA, patient care extends far beyond medical assistance. Throughout 2025–26, the organisation continued to provide holistic psychosocial support to children with cancer and their families through programmes that nurtured emotional well-being, encouraged self-expression, and created moments of joy during a challenging journey.

A cornerstone of these efforts was Giving Smiles, under which over 160 expressive arts therapy sessions were conducted, benefiting more than 1,800 childhood cancer patients and their caregivers through workshops and support groups. Using art, music, movement, drama, and creative expression, these sessions provided a safe space for participants to process emotions, reduce anxiety, build resilience, and strengthen family bonds.

Marking Cancer Survivors Month, CPAA organised Happy Spaces, bringing together 19 children and 21 caregivers for a special expressive arts therapy workshop. Supported by dedicated CPAA interns, the programme fostered healing through creativity and reached a wider audience through social media, with campaign coverage generating nearly 40,000 views within three days, highlighting the importance of psychosocial care.

The Happy Feet dance workshop, supported by the Giving Smiles – Sharada & Ashok Sarnaik Endowment, inspired children undergoing cancer treatment through the joy of music and dance. Led by renowned Bollywood choreographer Feroz Khan, the session encouraged confidence, resilience, and emotional well-being while giving children an opportunity to simply enjoy being children.

CPAA also organised the annual Project Shiksha celebration, bringing together around 60 beneficiaries and their caregivers for a day of storytelling, creative activities, games, music, and learning. Throughout the year, festivals including Makar Sankranti, Rose Day, Holi, Janmashtami, Raksha Bandhan, Children's Day, Diwali, and Christmas were celebrated across CPAA centres, creating moments of hope, happiness, normalcy, and togetherness for patients and their families during every stage of their cancer journey.

# REHABILITATION

# REHABILITATION

***Beyond Recovery: Restoring Strength and Dignity***

Recovery from cancer is about more than completing treatment—it is about rebuilding confidence, independence, and quality of life. Cancer survivors also face social challenges along with physical, financial and emotional distress. CPAA's Rehabilitation Centre is dedicated to restoring dignity, independence, and hope to survivors and caregivers by imparting vocational training in an atmosphere of camaraderie and comfort. With a focus on holistic care, the Centre empowers patients to rebuild their confidence, regain livelihoods, and reintegrate into society. By nurturing both physical recovery and emotional well-being, CPAA helps survivors move forward with strength and resilience, ensuring that life after cancer is not just about survival, but about living with purpose, self-reliance, and fulfilment.

## KEY PROGRAMS:

CPAA's Rehabilitation Centre empowers cancer survivors by helping them regain confidence, independence, and financial stability through vocational training, skill development, and opportunities to market handcrafted products. During 2025–26, the Centre actively participated in several exhibitions across Mumbai, providing beneficiaries with valuable exposure and direct interaction with customers while showcasing the quality and craftsmanship of their work.

Products created by the beneficiaries were exhibited at Ruchika Fest, the IMC Ladies Wing Exhibition, Design One, the Inner Wheel Club NGO Mela, Artisan Sutra, and the Vendor Mela at the U.S. Consulate. These platforms not only generated sales but also increased public awareness about the capabilities of cancer survivors, reinforcing the importance of rehabilitation through meaningful employment and community engagement. The positive response from visitors served as a source of encouragement and motivation for the beneficiaries, inspiring them to continue developing their skills and pursue financial independence.

Beyond vocational rehabilitation, the Centre placed equal emphasis on emotional well-being by celebrating festivals and cultural events throughout the year. Diwali was marked with an in-house festive lunch prepared by the beneficiaries themselves, along with the distribution of sarees, thermos bottles, and grocery kits to support celebrations at home. The spirit of togetherness continued with New Year festivities featuring cooking, music, dance, and shared meals, while Makar Sankranti, Holi, and a traditional Satyanarayan Pooja brought everyone together through cultural traditions, festive treats, and community celebrations.

These activities fostered a strong sense of belonging, dignity, and mutual support among cancer survivors. By combining vocational opportunities with social engagement and emotional support, CPAA's Rehabilitation Centre continues to help individuals rebuild their lives with renewed confidence, self-esteem, and hope, enabling them to reintegrate into society as productive and empowered members of their communities.

## WORLD NO TOBACCO DAY 2025: Uniting Communities to Unmask the Appeal of Tobacco

In observance of World No Tobacco Day 2025, CPAA organised a series of impactful awareness, advocacy and early detection initiatives aligned with the World Health Organization's theme, Unmasking the Appeal: Exposing Industry Tactics on Tobacco and Nicotine Products.

On the eve of the campaign, Amit Trivedi LIVE – A Concert for a Cause brought together music and advocacy under the powerful message, "Choose Life, Not Tobacco," inspiring audiences to embrace healthier lifestyles.

CPAA conducted ENT cancer screening camps for high-risk groups, including construction workers, railway police personnel and their families, and prison inmates, screening 1,113 individuals for precancerous conditions while providing counselling on tobacco cessation and oral hygiene. A special awareness programme on 30 May featured actor Ashok Shinde and actress Aditi Sarangdhar, who encouraged participants to adopt tobacco-free lifestyles.

The campaign's visibility was further strengthened through awareness hoardings at Bandra, Dadar and Chembur, inside Mumbai's railway compartments, and across 10.55 lakh BEST bus tickets. CPAA's New Delhi Branch organised an awareness programme at AIIMS Dharamshala, attended by over 80 participants, led by Dr. Harmeet Goel and Ms. Arvind from Rajiv Gandhi Cancer Institute & Research Centre. A virtual expert lecture by Dr. Prakash C. Gupta, Director, Healis-Sekhsaria Institute of Public Health, provided valuable insights into tobacco industry tactics targeting youth. CPAA's Pune Branch engaged patients through a creative poster-making competition, reinforcing the importance of tobacco-free living.

## THE JOURNEY: S D BURMAN TO R D BURMAN - Celebrating Musical Legends

As a heartfelt tribute to the legendary composer RD Burman on his birth anniversary, CPAA presented "The Journey – From SD Burman to RD Burman" at Rang Sharda Auditorium, Mumbai Renowned singers Amit Kumar and Shailja Subramanian mesmerised the audience with timeless melodies, celebrating the musical legacy of two iconic composers while raising support for underprivileged cancer patients.

The evening beautifully demonstrated how music can inspire compassion, unite communities, and contribute meaningfully towards patient care.

## KHAZANA 2025 – A FESTIVAL OF GHAZALS
## 24 Years of Music, Compassion and Hope

The 24th edition of Khazana – A Festival of Ghazals, presented by Union Bank of India, was held on 18–19 July 2025 at The Trident Hotel, Nariman Point, continuing its remarkable journey of supporting Cancer Patients Aid Association (CPAA) and Parents' Association Thalassemic Unit Trust (PATUT).

The festival featured an extraordinary line-up including Anup Jalota, Talat Aziz, Rekha Bhardwaj, Sudeep Banerji, Pt. Ajay Pohankar, Abhijit Pohankar, Mahalakshmi Iyer, Pratibha Singh Baghel, Osman Mir, Amir Mir, Kalpana Gandharv, Himaanshu Sharma and Barnali Chattopadhyay. Emerging talent comprising Hetvi Sethia, Saleem Raja, Manaswi Pandey, Fareed Ahmed Khan and poet Uday Divakar Pandey, along with special mention awardees Vipul Kumar Ruhela and Minatullah Khan, earned the opportunity to perform alongside these celebrated artistes through the Hungama Artist Aloud Talent Hunt.

The festival paid moving tributes to Padma Shri Mohammed Rafi and Ustad Zakir Hussain, featuring a memorable medley by all participating artistes and a specially curated tribute by Rakesh Chaurasia, Ojas Adhiya, Shikharnaad Qureshi and Sanjoy Das. The evenings were gracefully compered by Rakshanda Khan and Prachee Shah Pandya. Khazana continues the inspiring legacy envisioned by Padma Shri Pankaj Udhas and Mrs. Rekha Sapru, proving that music has the power not only to heal hearts but also to save lives.

## ROSE DAY 2025: Bringing Joy, Hope and Smiles to Cancer Patients

Rose Day was celebrated across Mumbai, Pune and New Delhi, creating unforgettable moments of happiness for cancer patients and their families.

In Mumbai, Pawan Hans Ltd., a Government of India undertaking, welcomed 25 childhood cancer patients and survivors for an unforgettable helicopter joyride over Mumbai. Actress Bhagyashree joined the celebrations, while Mr. Sanjeev Razdan (CMD), Mr. Chetan Behl (GM – Western Region), Mr. Param Saraswat (Joint GM) and the entire Pawan Hans team made the experience truly memorable.

In New Delhi, a special outing for 50 patients, generously sponsored by Ms. Parul Ji and friends, included games, dance, a vibrant Ramlila performance, lunch, ice cream and thoughtfully curated gifts. At AIIMS New Delhi, CPAA partnered with Dr. Rachana Seth and her team to distribute 100 care kits containing food items, toys, blankets, tiffin boxes, water bottles and other essentials.

CPAA's Pune Branch celebrated Rose Day at Bharati Hospital, Deenanath Mangeshkar Hospital, Vishranti, Integrated Cancer Institute and Indrayani Hospital, distributing over 300 goody bags containing utility items and food grains. CPAA gratefully acknowledges the support of Emcure Pharmaceuticals Ltd., ACI Worldwide Consulting India Pvt. Ltd., Rotary Club of Amanora, Ms. Mita Banerjee, Shubham and numerous generous supporters who helped bring smiles to patients and caregivers.

## VEDANTA DELHI HALF MARATHON 2025: Running Together for Accessible Cancer Care

CPAA's participation in the Vedanta Delhi Half Marathon 2025 united supporters, fundraisers, and corporate partners to improve access to cancer treatment for underprivileged patients. The campaign was recognised with the Highest Fundraising NGO Award in the Healthcare – Prevention & Curative category and as the Third Highest Fundraising NGO Overall, reflecting the trust and generosity of CPAA's supporters and strengthening its ability to provide life-saving medical assistance.

## PINK OCTOBER: Empowering Women Through Early Detection

To mark Breast Cancer Awareness Month, CPAA conducted Pink October at AIIMS Dharamshala, empowering women with knowledge on breast health, early detection, and regular screening. Interactive activities, including a Mehndi competition, created an engaging environment that encouraged open conversations, increased awareness, and inspired women to prioritise preventive healthcare.

## DIWALI CELEBRATIONS: Lighting Lives with Joy

CPAA celebrated Diwali by creating joyful moments for children undergoing cancer treatment at AIIMS, New Delhi. A magical performance by Himanshu, semi-finalist of India's Got Talent, transformed the paediatric ward into a space filled with laughter, wonder, and celebration. The event highlighted the importance of emotional support and shared happiness in enhancing the well-being of young patients and their families.

## CHILDREN'S DAY: Celebrating Courage

Children's Day was dedicated to creating joyful memories for young cancer patients through games, music, art, and interactive activities. The celebrations offered children an opportunity to laugh, play, and simply enjoy being children, reaffirming CPAA's commitment to supporting not only their medical treatment but also their emotional resilience and quality of life.

## CHRISTMAS CELEBRATIONS: Sharing Hope, Warmth and Togetherness

Across Mumbai, Pune, and New Delhi, CPAA celebrated Christmas with patients, survivors, caregivers, and families through festive gatherings featuring music, dance, games, gifts, and visits from Santa Claus. Blankets, ration kits, and essential supplies extended support beyond the celebrations, reinforcing CPAA's holistic approach to care where compassion, companionship, and emotional well-being remain central to the healing journey.

## TATA MUMBAI MARATHON: : Every step, a step towards a cancer-free tomorrow

On 19 January 2025, Mumbai came together in an inspiring show of solidarity as 63,561 participants took part in the 20th Tata Mumbai Marathon. For CPAA, the Marathon was an opportunity to bring together patrons, donors, supporters, cancer survivors and the CPAA team to raise awareness and funds for the fight against cancer

This year, the focus was on CPAA's Eliminate Cervical Cancer Project, promoting awareness, HPV vaccination and screening to help prevent cervical cancer and improve women's health. Team CPAA also participated in the TMM Costume Competition, spreading the message of the importance of HPV vaccination and regular screening.

The initiative was supported by actor Tara Sharma, 10K Change Maker Seetha Sethuraman, and corporate partners Kotak Mahindra Bank and ESR. Together, every step brought us closer to a future where cancer is prevented, detected early and no patient fights alone.

## TERRY FOX: Silver Jubilee

CPAA, a member of the Terry Fox Committee, proudly participated in the 25th Terry Fox Run in Mumbai, marking the event's Silver Jubilee with one of its biggest-ever participations.

Aditi Bapat represented CPAA at the run and the Silver Jubilee brunch, which was graced by Fred Fox, Terry Fox's brother, along with senior doctors from Tata Memorial Hospital.

## WORLD CANCER DAY 2026: United by Unique

On World Cancer Day 2026, CPAA joined the global campaign under the theme "United by Unique", reaffirming its commitment to patient-centred cancer care and recognising that every individual's cancer journey is unique.

Through awareness campaigns and patient engagement activities, CPAA highlighted the importance of healthy lifestyle choices, cancer prevention, early detection, timely treatment, and compassionate support, ensuring that no patient is denied dignity, care, or hope because of financial constraints.

A defining moment of the campaign was the illumination of Mumbai's iconic Chhatrapati Shivaji Maharaj Terminus (CSMT) in orange, transforming the historic landmark into a powerful symbol of hope, solidarity, and resilience. The illumination paid tribute to cancer warriors, survivors, caregivers, and especially the remarkable courage of children battling cancer, whose strength and determination continue to inspire everyone associated with CPAA.

CPAA's Pune Branch commemorated World Cancer Day on 3rd and 4th February with meaningful celebrations involving adult and paediatric cancer patients and their families. Supported by enthusiastic volunteers from Xoriant Life, the programme featured music, dance, games, storytelling, and interactive sessions that encouraged patients and caregivers to share their experiences, celebrate milestones, and build lasting emotional connections. Participants received gifts, refreshments, and essential ration kits, with Xoriant generously sponsoring ration support for 90 paediatric cancer patients. Through these initiatives, CPAA reinforced the message that while every cancer experience is unique, compassion, community support, and collective action can ensure that no one faces the disease alone.

## PINK & TEAL 2026: Celebrating Women's Health, Wellness and Sisterhood

CPAA's annual Pink & Teal celebration, held on 6th March 2026 at Taj Lands End, Mumbai, brought together over 200 women for an inspiring evening dedicated to wellness, cancer awareness, early detection, and the power of women supporting women. The event created a vibrant platform that encouraged participants to prioritise their health while celebrating resilience, confidence, and sisterhood.

The evening featured an energising wellness session by renowned holistic health expert Mickey Mehta.

This was followed by an inspiring address from actor and UN Environment Goodwill Ambassador Dia Mirza, who encouraged women to embrace preventive healthcare and self-care. The programme was seamlessly hosted by RJ Archana Pania, while stand-up comedian Tarun Ratnani filled the evening with laughter and positivity. The celebration concluded with an electrifying live performance by the all-women band Womaniaz, whose energetic performance perfectly captured the spirit of empowerment and togetherness. Interactive games, exciting prizes, engaging conversations, and meaningful networking opportunities added to the festive atmosphere, transforming the event into more than just a celebration—it became a powerful reminder of the importance of regular screening, healthy living, emotional well-being, and mutual support. Through Pink & Teal, CPAA continues to inspire women to take charge of their health while creating a strong community united by awareness, hope, and shared purpose.

## CARING WITH STYLE 2026: Fashion Inspiring Hope. Compassion Transforming Lives.

Fevicol Caring with Style 2026, presented by the Cancer Patients Aid Association (CPAA), was held on 15th March 2026 at Jio Gardens, Mumbai, bringing together the worlds of fashion, philanthropy, entertainment, and corporate leadership to support the treatment and rehabilitation of underprivileged cancer patients.

The event was made possible through the steadfast support of Pidilite Industries Pvt. Ltd., with the continued commitment of Mrs. and Mr. M B Parekh, whose longstanding partnership has helped transform countless lives through CPAA's patient care programmes. ICA Pidilite Pvt. Ltd. also extended its generous support to the cause. Designer Gopi Vaid unveiled her 'Chaar Bagh – Summer 2026' collection, celebrating India's rich heritage through fluid silhouettes, vibrant colours, and intricate craftsmanship designed for the contemporary Indian woman and man. The collection was elegantly showcased by actors Shilpa Shetty and Dino Morea, alongside leading fashion models.

The evening continued with an opulent presentation by ITRH, the couture label of Mohit Rai and Ridhi Bansal, whose collection reimagined the grandeur of India's royal heritage for the modern woman. Actor Pratibha Ranta led the showcase, while Ibrahim Ali Khan captivated the audience as the showstopper. The presentation was elevated by soulful live Rajasthani folk vocals from Kutle Khan, creating a spectacular fusion of fashion and culture.

Adding to the evening's charm were intimate unplugged musical performances by Maahi Mukherjee and Shadab Faridi, while hosts Tara Sharma and Vaibhav Mota guided the audience through the programme with warmth and elegance.

The event was further graced by the presence of actor Kajol, celebrated singer Ila Arun, and renowned advertising filmmaker Prasoon Pandey, whose support reinforced the collective commitment to ensuring that quality cancer care remains accessible to those who need it most. Through Caring with Style, CPAA once again demonstrated how creativity, compassion, and collaboration can come together to raise hope, awareness, and life-saving support for cancer patients.

### GUDI PADWA CELEBRATIONS: Welcoming New Beginnings with Hope

CPAA's Pune Branch celebrated Gudi Padwa with women cancer patients and survivors, bringing together tradition, companionship, and hope. The programme featured cultural performances, festive rituals, and opportunities for participants to reconnect and share their experiences. Supported by generous donors, beneficiaries received sarees, ration kits, and a festive lunch, reinforcing CPAA's commitment to celebrating resilience and ensuring that every new beginning is accompanied by dignity, compassion, and community support.

# AWARDS AND RECOGNITION

## ANITA PETER

*Honouring Leadership in Social Service: Boost India – One District One Product Initiative.*

Ms. Anita Peter, Executive Director, CPAA, was honoured by BOOST INDIA, an initiative of the Government of India's One District One Product (ODOP) Programme and the Sai Leela Foundation, in recognition of her outstanding contribution to social service and women's empowerment. The award acknowledges her leadership in advancing patient-centric cancer care and CPAA's sustained efforts to create meaningful impact in the lives of individuals and families affected by cancer.

## SHUBHA MAUDGAL & ADITI BAPAT

*Award-Winning Educational Initiative: First Prize – Aging and Cancer:  First Prize – Aging and Cancer*

Society Annual Seminar, held in New Delhi on 7 September 2025. The award recognises CPAA's commitment to raising awareness about the unique challenges faced by older adults with cancer and highlights the organisation's efforts to promote education, advocacy, and compassionate, age-sensitive cancer care through innovative communication.

## ANITA PETER

*Recognised for Outstanding Community Service: Mumbai Image Flash Foundation (MIFF)*

Ms. Anita Peter, Executive Director, CPAA, was felicitated by the Mumbai Image Flash Foundation (MIFF) at its Annual Function 2025 in recognition of CPAA's outstanding contribution to society.

The honour celebrates the organisation's unwavering commitment to comprehensive cancer care and reflects the dedication, compassion, and collective efforts of the entire CPAA team in improving the lives of thousands of patients and their families.

## NIHARIKA RAINA

*Recognition for Compassionate Patient Support: World Social Work Day – AIIMS, New Delhi*

CPAA's New Delhi Branch was honoured by the Medical Social Welfare Unit, AIIMS, New Delhi, on the occasion of World Social Work Day, in recognition of its dedicated service to cancer patients and their families.

The award, received Niharika Raina, Director – New Delhi Branch, acknowledges CPAA's continued commitment to compassionate patient care, psychosocial support, patient navigation, and improving the quality of life of those affected by cancer.

# CONFERENCES AND SYMPOSIA

## KARISHMA PAVASKAR

*Children's Cancer International (CCI) Conference 2025 | Riyadh, Saudi Arabia | 12–15 April 2025: Showcasing Innovation in Caregiver Support*

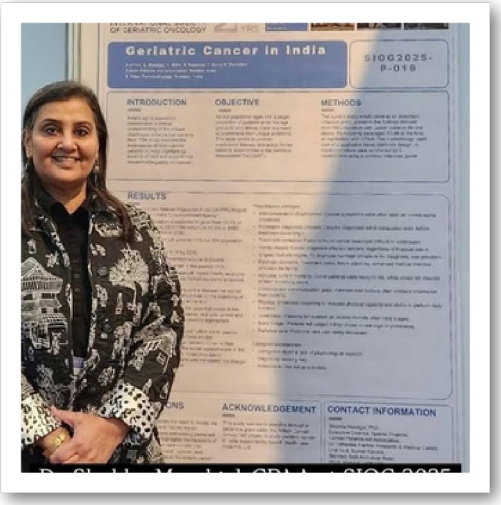

Representing CPAA at CCI'S 2025 Conference, Karishma Pavaskar delivered an oral presentation titled ***Effect of Expressive Therapies on Quality of Life of Paediatric Cancer Caregivers through Online Support Groups.*** It showcased CPAA's innovative virtual expressive therapy programme, demonstrating its positive impact on the emotional well-being, resilience and coping abilities of caregivers. It also highlighted the potential of digital psychosocial interventions to expand equitable access to support services for families navigating childhood cancer.

## DR. NOOPUR KHARE

*RNA-Seq Data Analysis Training Programme | Centre for Advanced Training and Research, Lucknow | 9–12 June 2025: Strengthening Research Capabilities in Cancer Genomics.*

As part of CPAA's commitment to evidence-based practice, Dr. Noopur Khare participated in an advanced training programme on RNA-Seq Data Analysis. The programme strengthened expertise in genomic data interpretation and cancer research methodologies, further enhancing CPAA's capacity to contribute to scientific research and data-driven cancer care initiatives.

## DR. SHUBHA MAUDGAL

*SIOG 2025 Annual Conference | Ghent, Belgium | 20–22 November 2025*

CPAA was represented at the SIOG 2025 Annual Conference by Dr. Shubha Maudgal, who presented a research poster titled ***Geriatric Cancers in India.*** Co-authored by Susmita Mitra, Nikhar Ranawat, Tushna Baria, Karishma Pavaskar and Dr. Shital Patel (PatientsEngage), the study highlighted the growing need for comprehensive, age-sensitive cancer care in India. By presenting Indian evidence on an international platform, CPAA contributed to global discussions on geriatric oncology while reinforcing its commitment to research, collaboration and improving outcomes.

## NEETA MORE

*Affordable Cancer Care Conference 2025 | KIMS Hospitals, Thane | 13 December 2025: Championing Affordable Cancer Care*

Ms. Neeta More, Executive Director, CPAA, participated in a panel discussion at the Affordable Cancer Care Conference 2025, organised by the Department of Oncological Sciences, KIMS Hospitals. Presenting CPAA's patient-centred perspective, she emphasised the importance of strengthening partnerships between healthcare providers, NGOs, government agencies, and community organisations to make quality cancer care more accessible, affordable, and equitable for underserved populations.

## ANITA PETER

*Lung Connect – 9th Annual Year-End Review in Lung Cancer 2025 | Mumbai | 19–20 December 2025: Advancing Community-Based Cancer Screening*

Ms. Anita Peter, Executive Director, CPAA, delivered a presentation on ***Ground Reality, Obstacles and Milestones in Cancer Screening.*** Drawing upon CPAA's extensive grassroots experience, she highlighted the challenges of improving screening uptake, overcoming barriers to early diagnosis, and strengthening community-based interventions. Her presentation contributed valuable practical insights to national discussions on improving lung cancer outcomes through early detection and awareness.

## SUMANGALA SAPRU

*Cancer Support Forum | Rising India Research Foundation | 19 December 2025: Strengthening Holistic Cancer Support*

Representing CPAA, Mrs. Sumangala Sapru, Executive Director, participated in the Cancer Support Forum organised by the Rising India Research Foundation. She contributed to discussions on strengthening holistic cancer care by highlighting the importance of integrating psychosocial support, patient navigation, caregiver well-being, survivorship, and rehabilitation into routine oncology services. The forum fostered collaboration among stakeholders committed to improving the quality of life of cancer patients and their families.

## DR. SHUBHA MAUDGAL

*Roundtable on Access to Medicines and Treatment for Women's Cancers in India | Third World Network (TWN) | 22 December 2025: Advocating Equitable Access to Women's Cancer Care*

Representing CPAA, Dr. Shubha Maudgal, Executive Director, participated in a national roundtable on Access to Medicines and Treatment. Drawing upon CPAA's five decades of experience, she highlighted the organisation's work in awareness, prevention, early detection, timely diagnosis, affordability, and equitable access to cancer treatment. The forum brought together researchers, clinicians, policymakers and patient advocates to identify strategies for improving cancer care for women.

## PRIYA PRASAD & NAZIYA KHAN

*Information, Education & Communication (IEC) on Cancer Prevention and Control | Tata Memorial Hospital, Mumbai | 17–18 January 2026: Strengthening Cancer Prevention Communication*

Priya Prasad and Naziya Khan participated in a specialised training programme on Information, Education and Communication (IEC) in Cancer Prevention and Control, at Tata Memorial Hospital. The programme strengthened competencies in cancer prevention strategies, health communication, and community engagement, further enhancing CPAA's public education and outreach initiatives.

## KARISHMA PAVASKAR

*IAPCON 2026 – Indian Association of Palliative Care Conference | Hyderabad | 12–15 February 2026: Advancing Psychosocial Care through Expressive Therapies*

At the IAPCON 2026 Conference, Ms. Karishma Pavaskar presented an oral paper titled "Unveiling the Therapeutic Benefits of Expressive Therapies in Paediatric Cancer Adapted to Palliative Care." Based on CPAA's psychosocial support programmes, the presentation highlighted the role of expressive arts in enhancing emotional well-being, resilience, and quality of life among children receiving palliative care. The research contributed valuable evidence supporting the integration of creative therapies into holistic paediatric oncology and palliative care.
